SECTION II – PROJECT SPECIFICATIONS AND SCOPE OF WORK.

PART 1 - GENERAL INFORMATION

The E-911 Program Office seeks qualified contractors to obtain a system to test the accuracy of the Phase II location technologies of each of the Wireless Carriers in King County, Washington. The King County E-911 Program Office participated in several technical trials in 2004 to study the possibility of testing the accuracy of the Phase II location technologies.

The King County E-911 System is configured as follows for wireless E-911 service:

- King County has 13 PSAPs.
- 5 PSAPs have been designated as primary recipients for all wireless 911 calls.
- Presently, there are 7 Wireless Carriers serving King County.
- All 7 Wireless Carriers have completed Phase II implementation.

This document specifies the hardware, software, network, and client services requirements of the King County E-911 Program Office for a solution to test the accuracy of Phase II location data provided by all seven wireless service providers within the geography of King County. The vendor that is awarded the contract will be expected to have current products that are fully capable of meeting the minimum requirements listed in the Requirements section below. The Requirements list does not preclude a vendor from listing extra services as “value added” if the additional features fall within the scope of this project. Any extra items should be specified separately unless they are included at no extra cost. Reference material for technology and terms for wireless E-911 service can be viewed by vendors in the Federal Communications Commission OET Bulletin No. 71.

Responses to the RFP should be arranged in the following format:

- A. Letter of Introduction, to include general information about the vendor and their technology solution proposed for this project.
- B. Response to the Requirements specified. Vendor's proposals should address each item in the Requirements list. Failure to do so may disqualify a contractor from further consideration. Proposals should be arranged by and specify the Requirement Section Number and Item Number. Cost submission should be provided in the format specified in Requirements, Section 9.

PART 2 - REQUIREMENTS

- A. The deliverables for this project are as follows:

Year One

1. Establish a Phase II Accuracy Testing System for King County.
2. Perform First Testing Cycle.
3. Evaluate testing cycle and the data produced, resolve any issues identified by King County, and successfully perform required retesting in order for King County to Accept the Testing System.
4. Perform Second Testing Cycle.

Years Two and Three

At the successful completion of the Year One tasks, King County shall have the option to extend the contract for two additional one-year periods. King County intends to implement an on-going Phase II Accuracy Testing program in which two testing cycles will be completed each year.

The vendor's proposal should specify whether they can provide each of these deliverables.

- B. The test calls required by the Phase II Accuracy Testing System must have minimal impact on the daily operation of the PSAPs, to ensure that they don't affect the PSAPs' ability to answer real 911 calls, and must have minimal impact on the staff time of testers.

1. Test calls must be of very short duration.
2. The tester should not ask more than two questions of the PSAP call taker.
3. The fewest number of test calls required to determine accuracy will be given more weight in the RFP response evaluation process.

The vendor's proposal must specify their methodology for determining the number of test points countywide and test calls per test point, and specify the number of test points countywide and test calls per test point that are needed for their System to produce valid data.

6. When a test plan specifies multiple calls from a truth point the data must be cumulative.
7. A user-friendly method for creating test plans customized to King County.
8. The vendor should specify separate proposals for the vendor creating the test plan or King County creating the test plan based on the vendor's guidance.
9. The vendor's proposal must specify the options of contracting with the vendor for the personnel to make the test calls, or for King County to provide the personnel.

6. Data gathered on the field test unit must be saved to a file for back-up and retrieval.
7. The field test unit must contain a wireless Internet connection to allow for the download of test data to the server from the field.
8. If the data connection from the field test unit to the server is lost or interrupted, it is a requirement that the data gathered during testing will be cached until the connection is restored and the data is transferred successfully to the server.
9. The field test unit must have the ability to create and verify the ground truth location that has been assigned in the test plan.
10. It is desirable that the tester have a choice to use a direct connection between the field test unit and the wireless phone used for the test calls. If a dongle must be employed, the length of the cable must accommodate the use of each wireless test phone outside the test vehicle.
11. King County must have the option of providing a laptop for the field test unit or purchasing a laptop from the vendor.

 3. A user friendly GUI for the creation of reports.
 4. It must be possible to run reports on any data element (i.e. PSAP, date, time, wireless phone number, location).
 5. It is desirable that reports be available within minutes of downloading the pertinent data.
 6. Test reports must include but are not limited to:

 7. The vendor should specify other reports that are available, and if there is an additional charge for these reports.
 8. King County must have the option of providing the report generation server hardware or purchasing it from the vendor.
- F. The vendor must be able to demonstrate knowledge of FCC and NENA accuracy testing standards. Proposers should specify their knowledge of the standard and work experience related to the standards.
- G. The vendor must have experience in conducting Phase II accuracy testing for governments and/or wireless carriers. Proposers should list governments, wireless carriers, or other entities they have worked with, including a contact name and phone number at each agency. The E-911 Program Office may call the listed contacts to obtain references.
- H. The vendor must be able to meet the project schedule requirement of completing the project in 2005. The following schedule has been specified for this project. The vendor should specify whether they can meet this schedule, or whether there are areas of concern.

- I. The vendor must be willing to accept a payment schedule that is based on project deliverables, as specified in Requirements, Section 1 above. Cost will be a factor considered in the RFP response evaluation process.

- D. The Consultant shall implement and carry out the obligations contained in its Affidavit and Certificate of Compliance regarding equal employment opportunity. Failure to implement and carry out such obligations in good faith may be considered by the County as a material breach of this Contract and grounds for withholding payment and/or termination of the Contract and dismissal of the Consultant.
- E. The Consultant shall comply fully with all applicable federal, state and local laws, ordinances, executive orders and regulations that prohibit such discrimination. These laws include, but are not limited to, RCW Chapter 49.60 and Titles VI and VII of the Civil Rights Act of 1964.

 - 5. Employer, employment agency or a labor organization to retaliate against any person because this person has opposed any practice forbidden by KCC Chapter 12.18 or because that person has made a charge, testified or assisted in any manner in any investigation, proceeding or hearing initiated under the provisions of KCC Chapter 12.18;

Publisher, firm, corporation, organization or association printing, publishing or circulating any newspaper, magazine or other written publication to print or cause to be printed or circulated any advertisement with knowledge that the same is in violation of KCC Chapter 12.18.030C., or to segregate and separately designate advertisements as applying only to men and women unless such discrimination is reasonably necessary to the normal operation of the particular business, enterprise or employment, unless based upon a bona fide occupational qualification; and/or
7. Employer to prohibit any person from speaking in a language other than English in the workplace unless:
 - a. The employer can show that requiring that employees speak English at certain times is justified by business necessity, and
 - b. The employer informs employees of the requirement and the consequences of violating the rule.

Provided, however, that any affirmative action requirements set forth in any federal regulations or statutes included or referenced in the Contract documents will continue to apply.
- B. Non-Discrimination. During the term of this Contract, the Consultant shall not create barriers to open and fair opportunities to participate in County contracts or to obtain or compete for contracts and subcontracts as sources of supplies, equipment, construction and services. In considering offers from and doing business with sub-consultants and suppliers, the Consultant shall not discriminate against any person on the basis of race, color, creed, religion, sex, age, nationality, marital status, sexual orientation or the presence of any mental or physical disability in an otherwise qualified disabled person.

D. Open Competitive Opportunities. King County encourages the utilization of minority owned businesses ("MBEs") and women-owned businesses ("WBEs")(collectively, "M/WBEs") in County contracts. The County encourages the following practices to promote open competitive opportunities for small businesses including M/WBEs:

3. Breaking down total requirements into smaller tasks or quantities, where economically feasible, in order to permit maximum participation by small businesses including M/WBEs.
4. Establishing delivery schedules, where the requirements of this contract permit, that encourage participation by small businesses, including M/WBEs.
5. Providing small businesses including M/WBEs that express interest with adequate and timely information about plans, specifications, and requirements of the contract.
6. Utilizing the services of available community organizations, Consultant groups, local assistance offices, the County, and other organizations that provide assistance in the recruitment and placement of small businesses including M/WBEs.

Further, the County encourages small businesses, including M/WBEs, to participate in the following practices to promote open competitive opportunities:

1. Attending a pre-bid or pre-solicitation conference, if scheduled by the County, to receive project information and to inform prime bidders/proposers of contracting and subcontracting capabilities.
2. Requesting placement on solicitation lists, and receipt of written notice of subcontracting opportunities.
3. Utilizing the services of available community organizations, Consultant groups, local assistance offices, the County, and other organizations that provide assistance in the recruitment and placement of small businesses and M/WBEs.

SECTION IV - GENERAL CONTRACT REQUIREMENTS

If the Contract is terminated pursuant to this Section IV, paragraph A: (1) the County will be liable only for payment in accordance with the terms of this Contract for services rendered prior to the effective date of termination; and (2) the Consultant shall be released from any obligation to provide further services pursuant to the Contract.

- B. The County may terminate this Contract, in whole or in part, upon five (5) calendar days' advance written notice in the event: (1) the Consultant materially breaches any duty, obligation, or services required pursuant to this Contract, or (2) the duties, obligations, or services required herein become impossible, illegal, or not feasible.

If the Contract is terminated by the County pursuant to this Subsection IV(B) (1), the Consultant shall be liable for damages, including any additional costs of procurement of similar services from another source.

If the termination results from acts or omissions of the Consultant, including but not limited to misappropriation, nonperformance of required services or fiscal mismanagement, the Consultant shall return to the County immediately any funds, misappropriated or unexpended, which have been paid to the Consultant by the County.

- C. If expected or actual funding is withdrawn, reduced or limited in any way prior to the termination date set forth above in Section II or in any amendment hereto, the County may, upon written notice to the Consultant, immediately terminate this Contract in whole or in part.

If the Contract is terminated pursuant to this Section IV, paragraph C: (1) the County will be liable only for payment in accordance with the terms of this Contract for services rendered prior to the effective date of termination; and (2) the Consultant shall be released from any obligation to provide further services pursuant to the Contract.

Funding under this Contract beyond the current appropriation year is conditional upon appropriation by the County Council of sufficient funds to support the activities described in this Contract. Should such an appropriation not be approved, this contract will terminate at the close of the current appropriation year.

- D. Nothing herein shall limit, waive, or extinguish any right or remedy provided by this Contract or law that either party may have in the event that the obligations, terms and conditions set forth in this Contract are breached by the other party.

PART 2: INDEMNIFICATION AND HOLD HARMLESS

- A. In providing services under this Contract, the Consultant is an independent contractor, and neither the Consultant nor its officers, agents or employees are an employee of the County for any purpose. The Consultant shall be responsible for all federal and/or state tax, industrial insurance, and Social Security liability that may result from the performance of and compensation for these services and shall make no claim of career service or civil service rights which may accrue to a County employee under state or local law.

The County assumes no responsibility for the payment of any compensation, wages, benefits or taxes to, or on behalf of, the Consultant, its employees or others by reason of this Contract. The Consultant shall protect, indemnify and save harmless the County, its officers, agents and employees from and against any and all claims, costs and/or losses whatsoever occurring or resulting from 1) the Consultant's failure to pay any such compensation, wages, benefits or taxes; and 2) the supplying to the Consultant of work, services, materials and/or supplies by Consultant employees or other suppliers in connection with the performance of this Contract.

- B. The Consultant further agrees that it is financially responsible for and shall repay the County all indicated amounts following an audit exception which occurs due to the negligence, intentional acts or failure for any

reason to comply with the terms of this Contract by the Consultant, its officers, employees, agents and/or representatives. This duty to repay the County shall not be diminished or extinguished by the prior termination of the Contract pursuant to the Duration of Contract, or the Termination section.

- C. The Consultant shall protect, defend, indemnify, and save harmless the County, [and the State of Washington (when any funds for this Contract are provided by the State of Washington)] their officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arising out of or in any way resulting from the negligent acts or omissions of the Consultant, its officers, employees, and/or agents. The Consultant agrees that its obligations under this subparagraph extend to any claim, demand and/or cause of action brought by or on behalf of any of its employees or agents. For this purpose, the Consultant by mutual negotiation, hereby waives, as respects the County only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW. In the event that County incurs attorney fees and/or costs in the defense of claims, for damages within the scope of this section, such fees and costs shall be recoverable from the Consultant. In addition King County shall be entitled to recover from the Consultant fees, and costs incurred to enforce the provisions of this section.

Claims shall include, but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape, or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in unfair trade practice.

Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this agreement.

PART 4: CORRECTIVE ACTION

If the County determines that a breach of contract has occurred, that is the Consultant has failed to comply with any terms or conditions of this Contract or the Consultant has failed to provide in any manner the work or services agreed to herein, and if the County deems said breach to warrant corrective action, the following sequential procedure will apply:

- A. The County will notify the Consultant in writing of the nature of the breach;
- B. The Consultant shall respond in writing within three (3) working days of its receipt of such notification, which response shall indicate the steps being taken to correct the specified deficiencies. The corrective action plan shall specify the proposed completion date for bringing the Contract into compliance, which date shall not be more than ten (10) days from the date of the Consultant's response; unless the County, at its sole discretion, specifies in writing an extension in the number of days to complete the corrective actions;
